Random samples may be collected from the same lot at site and the same may be sent for 3rd party testing.
- M/s ETA_Tricolite JV to submit on source calculation of cable tray support for all items to be supplied, along with the delivery of items.

THE SERVICE

What Does DMRC
Approval Mean?

DMRC is India's most stringent infrastructure procurement authority. A DMRC NOC is only issued after a full technical review of vendor capability, material specification, coating standards and quality systems.

"Being approved by DMRC is a technical endorsement from one of the world's most demanding engineering organisations."

- 01 Vendor Submittal**
Technical submittal prepared -- product specs, mill certs, test reports and quality documentation.
- 02 DMRC Technical Review**
DMRC employer reviews all documentation. Compliance with BOQ, specs and coatings verified.
- 03 NOC Conditions**
Approval issued with conditions: 8 micron zinc, yellow passivation, 120hr NABL salt spray test.
- 04 Ongoing Compliance**
Random samples collected at site. Third-party testing required. Canco meets all conditions.
