

ALUMINIUM STONE SHEET

📄 Short Description

Aluminium Stone Sheet is a lightweight decorative panel combining the natural appearance of stone with the strength and flexibility of aluminium. Ideal for interior and exterior cladding, offering durability, aesthetic appeal, and easy installation.

📄 Product Overview

Aluminium Stone Sheet is manufactured using a thin layer of natural stone bonded to an aluminium backing. This combination results in a product that retains the beauty of real stone while being significantly lighter and more flexible. It is widely used in architectural, decorative, and construction applications.

Manufactured by Canco Fasteners, the product is suitable for OEM supply, distributors, and export markets.

📄 Quick Specifications

Material Composition

- Natural stone veneer
- Aluminium backing layer

Thickness Range

- 1 mm to 5 mm (custom thickness available)

Sheet Size

- Standard sizes and custom dimensions available

Finish Options

- Natural stone finish
- Polished / honed surface
- Custom textures

Color Variants

- Multiple natural stone shades available

📄 Technical Specification Sheet

Product Description

Composite aluminium-backed stone sheet offering high strength, flexibility, and aesthetic finish.

Key Properties

- Lightweight compared to traditional stone
- High durability and weather resistance
- Flexible and easy to install
- Natural stone appearance
- Suitable for curved surfaces

Manufacturing Process

- Stone selection and slicing
- Aluminium bonding process
- Surface finishing and treatment
- Quality inspection

Dimensional Control

Manufactured within defined tolerances as per customer drawings and industry standards.

Testing & Inspection

- Thickness verification
- Bond strength testing
- Surface inspection
- Flexibility testing

📄 Typical Applications

- Wall cladding (interior & exterior)
- Facade decoration
- Furniture panels
- Retail and commercial interiors
- Column and curved surface covering

☎ Export & Packaging

Available in:

- Protective sheet packaging
- Wooden crates
- Custom packaging
- Bulk export shipments

Canco Fasteners manufactures Aluminium Stone Sheets as per customer specifications and industry standards. Products are available for OEM programs, distributor supply, and export markets.
