Since 1967 · ISO 9001:2015 · cancofasteners.com

COMPANY PROFILE · 2026

Manufacturer of Fasteners, Fixings & Custom Hardware

Standard and custom fasteners, anchors and fixing components for OEMs, distributors and industrial buyers worldwide. Send us your drawing — we build it.

1967

Founded, New
Delhi

2,000+ MT

Annual capacity

30+

Countries served

10,000+

Product variants

A family-led manufacturer since 1967

Canco was founded in New Delhi in 1967 by Krishan Kumar Aggarwal with one belief: quality is not negotiable, and a manufacturer's word should mean something. Three generations on, that belief has not changed.

Today Canco is an export-ready, engineering-led manufacturer serving builders, contractors, distributors and OEMs worldwide — with in-house production, documented quality systems and a responsive team. **You work directly with the people who run the factory.**

1967	1980s-90s	2000s	2010s	Today
Founded in New Delhi	Factory & first exports	Custom & contract manufacturing	On-site testing & engineering support	Third generation, made-to-order

LEADERSHIP

Honey Gupta
Chairman & Managing Director
Queen Mary University of London

Vasu Gupta
Executive Director, Operations
Master's, Columbia University

Krishan Kumar Aggarwal
Founder & Visionary (1943–2020)
Built Canco into an export house

Full-cycle manufacturing, in metal and polymer

Cold Forging High-volume fastener forming	CNC Machining & Threading Precision custom components	Metal Bending & Cutting Sheet and section forming	Heat Treatment Hardening & tempering to 12.9
Surface Finishing Zinc, HDG, passivation, Geomet	Injection Moulding Nylon and polymer components	Hydraulic Pressing Heavy forming and pressing	Assembly & Kitting Ready-to-install sets

MATERIALS

Mild steel · SS 304/316/316L · brass ·
aluminium · alloy steel (Gr 4.6–12.9) ·
nylon · neoprene · EPDM · PVC

STANDARDS & SIZES

Your drawing first — else IS/BIS, DIN,
ASTM/ASME, ISO 898, BS, EN, RDSO ·
M3–M64

CAPACITY

2,000+ MT a year from our Azadpur,
Delhi works, backed by an audited
supply network

03 — PRODUCT RANGE

Eight product families, 10,000+ variants

Anchors & Fixings

22+ anchor types — wedge, sleeve, drop-in, hook, eye & frame

Cladding & Facade Systems

Stone-cladding clamps & facade support hardware

Threaded Bars, Rods & Studs

Threaded rods, studs & bars in all grades

Geotechnical Bars & Ground Anchors

Rock bolts, tie rods & geo-bars for civil works

Bolts, Nuts & Structural

Gr 8.8–12.9 bolts, nuts & HSFG/TC assemblies

Clamps, Channel & Support

Strut channel, pipe clamps, U-bolts & hangers

Corrosion-Resistant & Special-Alloy

Duplex 2205, SS 304/316 & PTFE-coated studs

Rubber, Foam & PVC Components

Neoprene, EPDM gaskets, pads & PVC shims

Send us your drawing. **We build it.**

Custom and private-label fasteners, anchors and fixings made to your exact specification — engineered, tested and export-ready. You design it; we make it.

Feasibility & material

03

Quote

Price, MOQ, lead time

04

Sample

First-article approval

05

Production

Inspected & traceable

06

Export

Documented & shipped

Private label

Your brand, your packaging, your exact spec — bulk or retail-ready, under NDA.

Any material

MS, SS 304/316, brass, aluminium, alloy steel, nylon and neoprene.

Any geometry

Turned parts, formed sheet-metal, brackets and custom anchors — to ± 0.01 mm.

05 — QUALITY & COMPLIANCE

Checked from material to dispatch

01

Incoming inspection

Raw material verified against grade certificates

02

In-process checks

Monitored at forming, threading and finishing

03

Final inspection

100% visual & dimensional check before packing

04

Performance testing

Tensile & salt-spray at NABL-accredited labs

CERTIFIED & COMPLIANT

ISO 9001:2015

ISO 14001

ISO 45001

CE

RoHS

Certificate copies, scope & validity on request

Government-Recognised Star Export House (DGFT) · EEPC Export Excellence Award

DOCUMENTATION, AS APPLICABLE

- ✓ Material test certificates · heat-number traceability
- ✓ CBAM reports
- ✓ Certificate of conformity · pre-dispatch inspection report
- ✓ Tensile, PMI & salt-spray reports from NABL labs
- ✓ Third-party inspection on request

06 — FIELD TESTING & PROJECTS

Tested where it's hardest

Our field team supplies, installs and pull-out tests anchors on live sites — from metro corridors to the Chenab Rail Bridge, the world's highest railway bridge. We test any anchor brand to IS/EN standards.

1-100 kN

Pull-out range

M6-M30

Anchor sizes

24 h

Signed report

SUPPLIED TO PROJECTS FOR

Made in India. Shipped to 30+ countries.

INDUSTRIES WE SERVE

- Construction
- Infrastructure
- Facade & Cladding
- Solar & Renewable
- Industrial / OEM
- MEP, HVAC & Fire

Middle East & GCC
Our strongest export region

Americas
Distributors, importers and OEMs

Europe
DIN/EN products for distributors and OEMs

SE Asia & Pacific
Industrial distributors across the region

Africa
Supply for mining and infrastructure projects

Export-ready
Export documentation and packaging, handled end to end

Become a Canco distributor. We manufacture; you sell in your market. sales7@cancofasteners.com
